Career Objective

Aspiring Full Stack Developer, knowledge of core Java, DSA expertise (java), familiar with cybersecurity basics, aiming to build secure, scalable web apps.

Skills

Programming & DSA: Java; JDBC; DSA — Arrays, Strings, Linked Lists, Stacks, Queues, Trees, Binary Search Trees, Graphs, Hashing, Recursion, DP;

Full Stack Development: HTML5, CSS3, JS; React.js; Node.js, Express.js; RESTful APIs; MVC; Client-Server Model

Databases & Tools: MongoDB; Git, GitHub; VS Code; IntelliJ IDEA; Postman; Basic Linux Commands

Cybersecurity Basics: Authentication Authorization Concepts; Password Hashing; SQL Injection Prevention; Input Validation; HTTPS.

Projects

IoT Smart Parking System — IoT, Arduino, Sensors

- Monitored real-time parking slot availability using sensors.
- Integrated hardware with backend database for live updates.

College Document Management System — HTML, CSS, JavaScript, Node.js, Express.js, Database
[GitHub](#)

- Built a full stack, role-based document management system for Admin, Faculty, and Students.
- Implemented document upload, download, and notice management features.
- Integrated email notifications for students and faculty on new notices and document updates.
- Applied authentication and basic authorization to control role-based access.

Experience

Full Stack Developer Trainee — CodSoft

- Developed responsive UIs with HTML/CSS/JS.
- Implemented backend with Node.js/Express and MongoDB CRUD.
- Built and tested RESTful APIs for web applications.

Certifications

- IBM: Introduction to Software Engineering — Coursera
- Google Cloud Cybersecurity — Google cloud skill boost

Education

Diploma in Engineering	2020 – 2023
-------------------------------	-------------

Government Polytechnic, Ahmedabad

B.Tech in Engineering	2023 – 2027
------------------------------	-------------

CHARUSAT University, Gujarat

Achievements

- Solved 300+ algorithmic problems across LeetCode and GeeksforGeeks (GFG).
- Built and deployed full stack web applications, integrating frontend, backend, and database systems.

Interests

Full Stack Development, Creating and Deploying Web Applications, System Design, Learning New Web Technologies
